Ir. DANIEL JONGTIEN
NIJMEGEN, 1975
PARTNER, ARCHITECT

CURRICULUM VITAE

Daniel Jongtien graduated with honours as architect from the Faculty of Architecture at the Delft University of Technology in 2002. He started his career at Netherlands Airport Consultants (NACO) by working on Beijing Airport Terminal 3, Amsterdam Airport Schiphol and other international airports. In 2006 Daniel joined Benthem Crouwel Architects as an architect, and became partner at the firm in 2017. He is a member of the Royal Institute of Dutch Architects (bna).

Daniel has extensive working experience in long-term, complex, public projects such as Amsterdam Airport Schiphol, Amsterdam Central Station, Delft Station and currently three new metro stations in Paris. He is known for his rational approach to design. Daniel greatly values the involvement of clients and stakeholders during the design process. He strives to create balance and team spirit in the design teams which he leads.

Daniel is responsible for Benthem Crouwel's development in France and plays a key role in the firm's ambition for new projects worldwide.
